DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As concerns claim 1, the use of the phrase "means", in line 7, must be defined, i.e., "rolling means"; or should be stated as "a roller". Further, the limitation of "a speaker" should be better defined, i.e., "an audio speaker", as opposed to a person who is a "speaker".

Allowable Subject Matter

Claims 1-5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The following is an examiner's statement of reasons for allowance:

Structural limitations pertaining to the ***awning*** comprising the combination of an ***outer rail*** having ***end caps*** each including a ***light source*** and a ***speaker***, along with the other structural limitations are neither taught nor suggested by the prior art of record.
